

Department: Self-Governing Agencies**Division: Medical Boards****Description: Technical Correction to FY 2021 Appropriation****1. Background:**

This technical correction will remove a onetime amount from the FY 2021 Base for the Board of Nursing, which will reduce the overall FY 2021 appropriation for the Medical Boards by \$601,200. JFAC took action on February 6, 2020, to provide a onetime FY 2020 supplemental appropriation of \$601,200 to the Board of Nursing to relocate its offices to the Chinden Campus. This onetime amount was not backed out before calculating the FY 2021 Base for the Medical Boards division, so the total amount that was appropriated for the Medical Boards on February 27, 2020, which totaled \$8,467,600 from all funds, was \$601,200 too high. The action below will reduce the total FY 2021 Medical Boards appropriation by \$601,200, for a new grand total of \$7,866,400 from all funds.

2. Reopen FY 2021 Budget: *Requires unanimous consent or 2/3 roll call vote to reopen.*

"I request unanimous consent to reopen the fiscal year 2021 budget for the Medical Boards."

3. Motion:

"I move for the fiscal year 2021 budget for the Medical Boards, a reduction of \$601,200 from the State Regulatory Fund."
